

Parts of Plants Pairs

Make your own or cut out each of the picture cards and the function cards below. Place them face down on your table. Take turns to turn over a picture card and a function card. If the picture matches the function, you have won a pair and should keep your cards. The game ends when there are no cards left on the table. The winner is the person with most pairs at the end of the game. Good luck!

Transports water
around the plant.

Produces seeds.

Absorb nutrients and
water from the soil.

Transports water
around the plant.

Produces seeds.

Anchor the plant into
the ground.

Makes food for the
plant from sunlight.

Holds the plant up.
